

SOUTH CENTRAL PENNSYLVANIA WOOD TURNERS

Who are we? We are a group of individuals, ladies and gentlemen, who are interested in using a lathe to turn wood. We were established in 1993 by Valen Frye and Dick Diehl and have grown to a group of active members totaling 60 people. We are a charter member of AAW (American Association of Woodturners). Some members are associated with other clubs and Guilds. We are a non-profit group devoted to helping novices and one another to learn about wood turning. All people, with varied skill sets are welcome to join us and share your expertise or avail yourself to our expertise. If you need "hands on" training we can have a special class or match you up with one of our members.

Our meetings are the **first Tuesday** of each month. Our August meeting is a club picnic and our December meeting is a Christmas social. We normally meet at "our club house" in Jacobus, but sometimes we meet at members wood shops with occasional trips to other clubs or events. We publish a bimonthly newsletter about events, "show and tell" and other topics.

A typical meeting consists of a brief business meeting. Next we discuss old, new and upcoming events. We may have a wood auction, do a "show and tell" of what we have made in the last month. Next we will have a professional demonstration or one of our members will share an area of his/her expertise. We discuss tools, holding devices, sharpening, turning skills, wood types, wood drying, finishing, and the making of our own tools. Most members like to help new and fellow members solve their turning and woodworking challenges.

Come join us, as our guest, at any meeting to see if you would like to join. Individuals under 18 years of age must be accompanied by an adult. We pay dues of \$30.00 annually which we use to purchase supplies and obtain professional Wood Turners to demonstrate, lecture, and teach us. For further information contact:
